DETAILED ACTION

Applicant's election without traverse of election of species A and the compound of claim 14 as a single disclosed species in the reply filed on 12/01/2008 is acknowledged.

Claims 1-17, 30-32 and 38 have been examined to the extend of the elected species that represents claim 14. The compound of claim 14 has been searched and found to be free of art.

Claims 16, 17 and 30-32 provide for the use of a compound, but, since the claim does not set forth any steps involved in the method/process, it is unclear what method/process applicant is intending to encompass. A claim is indefinite where it merely recites a use without any active, positive steps delimiting how this use is actually practiced.

Claim 16, 17 and 30-32 are rejected under 35 U.S.C. 101 because the claimed recitation of a use, without setting forth any steps involved in the process, results in an improper definition of a process, i.e., results in a claim which is not a proper process claim under 35 U.S.C. 101. See for example *Ex parte Dunki*, 153 USPQ 678 (Bd.App. 1967) and *Clinical Products, Ltd. v. Brenner*, 255 F. Supp. 131, 149 USPQ 475 (D.D.C. 1966).

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-5, 10, 11, 16-18, 30-32, and 38 are rejected under 35 U.S.C. 102(b) as being anticipated by Freeman et al (Journal of the American Chemical Society (1956), 78, 4077-81.

Freeman discloses a compound of the following formula

, Which reads on the aforementioned claims. See abstract.

Claims 6-9, 12-15 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
